

Junior Lesson Program for Non-Members

The Winston Junior Program offers an introduction to the game of golf. Each group is made up of three age-appropriate golf development levels that golf instructors will teach and guide juniors through. Juniors will learn important golf skills and techniques, as well as leadership, sportsmanship, and etiquette.

During your child's formative years of golf, the emphasis is on physical literacy. Time is spent learning the ABC'S of athleticism (agility, balance, co-ordination and speed) allowing the junior to have control of their own bodies. Juniors will be encouraged to have FUN and enjoy swinging the golf club. This will be done with games and competitions that the juniors can take away from their lessons, and play with their friends while at the course.

How to Sign Up

Select your age group, then choose ONE session.

Age group 5-6, \$20 per lesson, per junior. Age groups 7 - 12, \$60 for three lessons, per junior.
