

INTRODUCTION

The Winston Golf Club is a semi-private facility. Members, non-members and groups are welcome here.

Whether it's your putting, short game, or full swing that needs some fine tuning, our fully trained PGA of Canada Professionals can work with you to give you the confidence you're looking for to improve your game. If you are looking to learn how players think on the course, an on-course playing lesson may be a great option. Playing lessons have advantages, such as golf course management skills, better club selection options, trouble and recovery shots, and pressure and scoring situations.

Please contact your golf professional directly to book lesson times.

WE OFFER

- New teeline mat system, short game and practice bunker area.
- Daily Range Pass (access to all practice facilities) for \$20.
- Annual Range Pass \$525.
- We can custom fit for Titleist, Ping, TaylorMade and Callaway.

GROUP LESSONS

If you have a group of friends who want to learn how to golf, have a group social activity, or take your game to the next level, private group lessons are available. These private group lessons are completely customizable from dates, times, topics, and number of lessons. For example, you could book four group lessons, each lesson with a different topic, or you could simply book one lesson on the driving range. Reservations in the Regal Taps Lounge can be made for lunch, dinner or drinks after the lesson. The options are endless.

CORPORATE LESSONS

Golf has become a very important tool for many companies as they look to either build their team, improve their bottom line, use it as a networking opportunity, or host a client event. Clinics involve our highly skilled golf professionals instructing on the key parts of the full swing and/or short game. The number of professionals instructing the clinic will depend on your group size, but we will ensure that each person gets some-thing specific to help their game. Companies and groups can choose from our prepackaged clinic programs, or can email/ phone Scott Anderson, Head Golf Professional for a quote for your own personally designed program.

JUNIOR LESSONS

If your junior would like an introduction to the game, has had lessons before, or would like to fine tune their game, our golf professionals are more than happy to “grow the game” with junior instructional lessons. Group lessons at the beginning of the golf season are also available; please visit our website to view our junior package.
